CHILDREN IN UNUSUAL COMPANY
 Children collected by different people each day who may not be related

Victims of modern slavery can be all around us. They can be cleaners or fruit pickers, teenagers or children, work in nail bars or car washes and many other places.

They can't always tell us if they are victims - but **you** can.

If you have information that can help or suspect anything, please, let us know, and say **NO** to Modern Slavery and Human Trafficking.
