

Death of a Baby Study Day

Thursday 11th May 2017 (09:00-16:30)

Venue: Epping Forest Burial Park

Topics covered:

- Stories And Memories Shared by Parents
- Post Mortems
- Sensitive Communication
- Guest Speakers
- A Tour of The Woodland Burial Park
- Child Death Review Process

“Great to have an insight into what parents go through and how we can support them better”

“Thank you for sharing your story it is wonderful to have the opportunity to hear the views of a parent. It gives me a real opportunity to reflect on my own practice – this talk will make me a better Doctor”

Development objectives:

- Understanding issues with Specialist training for professionals who work with families following the death of a baby or child
- The aim of the day is to provide information and advice and to bring together the elements of good practice.

“Very interesting - the knowledge gained will help me to provide the best care for patients in such situations – gained a lot of knowledge which will aid my practice”

Study Day Fee: £75.00 (**Bursary places are available**)

Lunch and refreshments will be provided.

To reserve your place please e-mail Louise Kennedy for an application form louise.kennedy@pah.nhs.uk
