

Enable Audit - System Requirements

Virtual College's Audit tool is a hosted web based application, in order to access the system users require access to the internet.

The following list provides details of the system requirements needed in order to successfully access the Audit tool:

Internet Access - we recommend accessing all of our products over a hardwired broadband connection for best performance.

Local Machine - we recommend the following operating systems:

-  Windows XP and above
-  OSx Snow Leopard 10.6 and above

Our system is fully compatible with the following browsers:

-  Internet Explorer IE 8 and above
-  Google Chrome 28.0 and above
-  Mozilla Firefox 23.0 and above
-  Safari 4.0 and above

Networking - It is imperative that emails from our system are allowed through your firewall. Our email IP address and domain will need to be whitelisted.

*Our mail sending IP is 89.248.58.98.
The sending domain is virtual-college.co.uk.
The reverse DNS is portals.virtual-college.co.uk*

In order to use the application <https://www.vc-enable.co.uk/> and all subdomains of this site will require whitelisting.
