

The Essex Safeguarding Children Board knows the importance of listening to children.

We want children to have a good understanding of healthy relationships, know who to talk to when things don't feel right, and know how keep safe online. What you tell us in this survey will help us make sure children know how to keep safe and know who to speak to if they feel unsafe.

What you tell us in this questionnaire is anonymous which means your name will not be mentioned anywhere and no one will be able to identify you from our reports.

You don't have to share anything you're uncomfortable with and you can leave out any questions you don't want to answer. If you write something that makes us worried that you or anyone else is not safe, we will make contact with your school to respond to these concerns.
