

Child Exploitation Training for Hotels

**The
Children's
Society**

The Children's Society is offering free online training to all hotel staff . Designed and delivered by subject matter experts from The Prevention Programme, these online workshops will help to build staff's confidence in responding to child exploitation indicators. They will also support teams to proactively prevent child exploitation from being able to take place onsite by identifying the contextual factors that shape risk.

Every member of a hotel team has a vital role to play in protecting children from harm – these sessions will give the knowledge and confidence needed to make a difference.

Together we can ensure every child is protected.
