

DID YOU KNOW?

You can help stop the exploitation of children and young people.

Child Exploitation (CE) - What can taxi drivers do?

CE includes sexual and criminal exploitation and can affect any child, anytime, anywhere and from any background.

Taxi drivers play a vital role in spotting signs of exploitation as children being sexually and criminally exploited are sometimes transported in taxis.

Have you seen a child or young person:

- travelling alone?
- being dropped to hotels?
- unfamiliar with the local area?
- travelling during school time, early in the morning, or late at night?
- travelling to multiple destinations in one day or night?
- travelling long distances and paying for a journey that is expensive and would seem unrealistic for a young person to afford by themselves?
- paying for journeys in cash or prepaid?
